CURATIVE CURE FOR TOOTHACHE.—If any person is suffering with toothache, it can be cured in one minute by the application of *Wheeler's Teaberry Tooth Wash*, and yet the tooth will be produced by it from all decay, and preserved in a serviceable state. This very valuable property belongs almost exclusively to this tooth wash, and many such cases have been caused by it, of which the following are mentioned.

Much benefit has been derived by my family, and many friends, including the persons employed by me in manufacturing, by using *Wheeler's Teaberry Tooth Wash*; it is a most efficacious and effective remedy for toothache, and preserves the teeth, gums, and mouth from disease. It is worthy of confidence and use.

Toothache has been cured in one minute by *Wheeler's Teaberry Tooth Wash*, to my certain knowledge; and I respectfully solicit that those who suffer with toothache may apply it at once.

CURE FOR SORENESS OF THE GUMS.
Those persons who may be troubled by soreness of the gums, or find *Wheeler's Teaberry Tooth Wash* a most efficacious remedy to alleviate soreness, and that it restores the gums to a sound and pleasant condition, and preserves them in health.

I have used *Wheeler's Teaberry Tooth Wash* for diseased teeth and gums, and found that although before its use my teeth were so much out of order that the lower teeth could not be used, a few applications of *Wheeler's Teaberry Tooth Wash* cured all disease. I recommend it to the public in general, as very efficacious, and the best article I have ever used.

REMEDIES—SOFTNESS OF THE GUMS.
In all cases of softness of the gums, even though the teeth may have been insecure and loose in the gums, a perfect cure can be effected by the use of *Wheeler's Teaberry Tooth Wash*, and the softness of the gums, having become solidified and compact and the teeth tightened and made firm; all is produced by a few applications of *Wheeler's Teaberry Tooth Wash*.

Having had sore on my teeth, attended by soreness of the gums, I tried *Wheeler's Teaberry Tooth Wash*. In a few minutes the soreness of the gums was cured, and made a perfect and final cure. I therefore recommend it to the public as a very pleasant remedial tooth wash.

ARRESTS ALL BLEEDING OF THE GUMS.
The use of *Wheeler's Teaberry Tooth Wash* is against all bleeding of the gums, and removes all the irritation that usually accompanies the bleeding, and keeps the gums in a perfectly healthy state.

I have used *Wheeler's Teaberry Tooth Wash* for two years, and find it the best article of the kind I have ever met with; it is the only wash the use of which hardens my gums, and prevents them from bleeding.

KEEPS THE TEETH, GUMS, AND MOUTH PURE, AND SWEETENS THE BREATH.

Preserving the teeth, gums, and mouth fresh, pure, and healthy; and from the slow and insidious ravages which it is liable to suffer from the most agreeable property of *Wheeler's Teaberry Tooth Wash*. It prevents the decay or natural corruption which the progress of time gradually brings about in the teeth, and keeps the mouth sweet and healthy, and constantly tends to purify, keep sound and healthy, and greatly to strengthen and preserve them.

It keeps the gums and mouth fresh, pure, and healthy, creating healthy and healthy in the gums, and by its astringent and tonic effects healing up and correcting impurities, and together with its purifying properties and fragrance, keeps the breath sweet and pure, and serves the teeth, gums, and mouth excellent in appearance and healthy.

I have seen the beneficial effects of *Wheeler's Teaberry Tooth Wash* in the case of a young lady whose teeth and gums were affected. It afforded every satisfaction.

Said at the Depot, Nos. 1 and 2 Brown's Hotel, N. S. LAWRENCE.

I have used *Wheeler's Teaberry Tooth Wash*, and recommend it to favorable notice and patronage, as being pleasant to the gums and teeth, and as being a pleasant remedy for the decay of the teeth.

that it would be in fact an increase. The number of paymasters upon the permanent list authorized by existing laws was fifteen, and it was proposed to increase them to twenty-five. A portion of the temporary officers appointed to serve during the war had already gone out of office, and the number of the 4th of March, 1849, was proposed to appoint the new officers from those who had been in this temporary service. He thought there was no special reason why these persons should be preferred to all other citizens of the Union. Nor did he consider it competent to the legislative department to restrict the executive to any particular class of persons who have no existing connection with the service. It may be that it is advisable to select the new appointments from those who have had experience in the service, so far as it can be done consistently with other proper considerations, and under the amendment proposed by himself, the President would be able to make selections from the class indicated in the bill, if he chose. He thought they had no power under the constitution to limit and restrict the President in this manner. The prerogative was conferred on the President to appoint officers. While we may create the office, it belonged to the President to fill them in the manner he thought proper, and Congress could not, in his opinion, restrict the powers. If there were more officers in the service than were necessary, they might say how the reduction should be made; but some of the class mentioned in this bill being, as I have said, of the service, it was no more proper to require a selection to be made from them than to require that they should be made from the State of New York or Virginia. The President might as well be directed to make his selections from the State of New York or Virginia, as to be directed to make his selections from the class mentioned in this bill.
